Rossignol has come up with solutions to equip your workplace with first aid materials in accordance with Article R.232.1.6 of the Labour Code.

Legislation

Article R.232.1.6 the Labour Code lays down that "workplaces must be equipped with first aid equipment that corresponds to the nature of the risks and that are easily accessible".

The employer must take the necessary measures to ensure the safety and protect the physical and mental health of workers within the premises.

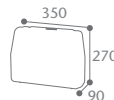

Can be installed in a vehicle with its wall holder
