

ErgoPlus

The all-inclusive ergonomic package

- ✓ Best possible adjustment to body size
- ✓ Supports the body in every position
- ✓ For any work situation

ErgoPlus offers all the ergonomic features you would expect in a good office chair, with the exception of being designed as a good workplace chair. Besides the outstanding ergonomic features, the requirements of industrial and technical working environments for the materials and construction of the chair are well taken into account. The All-inclusive ergonomic package ensures that it suits every single person and every single workplace situation, without having to make any compromise at all.

Especially well suited for long lasting work with minor movements, where is a need for a large support area and open angle between the hip and upper torso. Ideal for example to R&D departments and semi-technical environments such as quality assurance and engineering.

Ergo and ErgoPlus ESD features

- ✓ Aluminium base
- ✓ Conductive backrest shell, upholstery, plastics and coating
- ✓ Typical discharge resistance of $10^6 \Omega$

ESD protection is regulated by European standard EN 61340, which is designed to help users select appropriate protective measures. In regards of workplace chairs, the standard says: "The resistance to the point of contact with the floor of any parts of the seat that could come into contact with the user's body during standard use must be $<10^{10}\Omega$."

Discharge resistance	Acc. to EN 61340-5-4	Treston ESD chairs
Workplace chair	$<10^{10}\Omega$	$10^6\Omega$
Surface resistance	Acc. to EN 61340-5-4	Treston ESD chairs
Workplace chair	-	$10^6\Omega$

Accessories and spare parts

For your safety: Did you know that according to standard DIN 68877, any chair with seat height over 650 mm needs to have glides and a foot ring for safety reasons? That's why our high chair models are equipped with glides and a foot ring as a standard.

High glides

Castors

Stop&Go castors

Armrests ARE

Foot ring

Product	Code	Code ESD	Description
High glide set	CGLIH	CGLIH-ESD	Abrasion-resistant plastic glides have large surface area and offer superb level of stability. The glides can be retrofitted to all our chairs.
Soft castor set for hard floor	CSCAS	CSCAS-ESD	Dual-wheel safety castors are equipped with load-sensitive brakes, which means that the castors will brake when unloaded. As a standard, we supply soft castors for hard floors, but hard castors for soft floors needs to be ordered separately.
Hard castor set for soft floor	CHCAS	CHCAS-ESD	
Soft Stop&Go castor set for hard floors	CSTOP	CSTOP-ESD	In case the high chair needs to be moved around the workplace, Stop&Go castors will provide the safe solution. These castors will brake as soon as they are loaded, but when not loaded, the chair is easy to move around.
3D armrests for Ergo and ErgoPlus	ARE		Adjustment of height and width with possibility to swivel.
4D ESD armrests for Ergo ESD and ErgoPlus ESD		ARE-ESD	Adjustment of height, width and depth with possibility to swivel.
4D armrests for Neon	ARN	ARN-ESD	Adjustment of height, width and depth with possibility to swivel.
Chrome-plated foot ring	CRING	CRING	Foot ring can also be retrofitted to our lower chair models by attaching it to the chair column. Can be used on both ESD and non-ESD models. The height can be easily adjusted without any tools.

Neon

New generation workplace chair

- ✓ All the same adjustments and features as in ErgoPlus
- ✓ In addition changeable upholstery and flex strip for protection of the chair and its environment

Neon chair consists of two elements: the chair element with base and mechanism and the upholstery element. This offers many advantages, such as sustainability, flexibility, individuality and economy, which the changeable upholstery provides.

Neon is the new generation workplace chair. Simple production jobs are increasingly being replaced by tasks that are more complicated. Similarly, office and manufacturing workplaces are merging closer and closer together, and demands on the workplace are increasing. Neon combines ergonomic and functional characteristics to meet the demands of modern industrial workplaces.
