BISON BARRIER

01752 690 622

info@merlin-industrial.co.uk

New from Merlin Industrial Products Ltd is the unique 1m x 2m Bison Barrier. This newly designed 'water filled' Heavy Duty traffic separator is unique in the way it's been designed and can rotate a full 90 degrees enabling contractors to box off projects providing added security.

The Bison Barrier comes in standard red/white colours but can be manufactured in corporate colours at no extra cost. Weighing only 35kg when empty and 400kg when filled, the Bison Barrier is the No1 choice for cost effectiveness and effective site security and safety.

The Bison barrier can be connected together forming a complete barrier between the public and free flowing traffic. Its unique design includes Chapter 8 compliant hi-vis strip as standard and can be used in conjunction with a selection of different fence or hoarding panels.
