

### Spring Lift Trolley prices for 2019.

Sizes given are based on 5" 127 mm Castors and are manufactured to order so they may differ slightly. All **CLM** models have an aperture at the base for drainage and to allow air out so that the mechanism functions. Spring tensions can be set at the factory.

Models numbers with HB with 2 x heights are the High back models

All measurements are supplied as a guide as we can change the castor height and each model is individually moulded by craftsmen not machines.

The self leveling trolleys are prices ex works Yorkshire so please advise your delivery address for any transportation costs.

Standard lead times are 8 weeks though this can alter depending on the current production queue

Merlin Industrial Products Ltd is a B2B supplier and prices shown exclude VAT
