

Attached lid containers

Containers securely stack for efficient distribution and nest to save return transport costs.

Unlike disposable packaging all our products can be used again and again, over many years, helping our customers comply with packaging waste regulations, reduce carbon footprint and save money.

Incorporating an integral hinged lid, ALCs (Attached Lid Containers) provide the secure distribution solution.

Containers stack with lids closed and nest with lids open. Push-in tamper evident security seal system ensures that seals cannot be removed without breakage – providing visual identification of whether a container has been opened.

Maxine nest trays inter-stack with each other and are compatible with 600x400mm dollies, stacking 2-up (side by side) on the Universal dolly DO795904.

ToteBox range

Kaiman range

10005 (AT000504): 4 litre
ToteBox Attached lid container
 Ext: 300 x 200 x 130mm
 Int: 245 x 160 x 101mm
 Nested height: 80mm
 Wt: 0.7 Kg, col: two-tone green

Distribution picking container with sliding door and multi-fold lid
Ext: 600 x 400 x 320mm
Int: 505 x 334 x 292mm
66% height saving when nested
Wt: 3.2 Kg, colour: green/green

Tamper-evident security seals available.

600x400 Dolly DOJ90501
600 x 400mm wheeled dolly with 4 swivel 100mmØ nylon castors
Dim: 604 x 402 x 173mm
Max loading: 180 Kg
Wt: 4 Kg, Colour red
Carries 600x400mm Euro stacking, ALC, Maxinest and 180° stack nest ranges .

UNIVERSAL
DOLLY

Universal Dolly DO795904
800 x 600mm dolly with 4 swivel 100mmØ braked castors.
Dim: 798 x 598 x 171mm
Max loading: 500 Kg
Wt: 9.7 Kg, Colour grey
Carries two stacks of 600x400mm containers from any range.

Dolly handle HO008604
Fits Universal dolly

Stacking containers

Designed for a wide range of handling and storage applications, Schoeller Allibert stacking trays and containers are strong, durable and efficient. Containers securely stack, vertical sides provide maximum internal volume and smooth surfaces are hygienic and easy to clean.

European stacking containers

stacking containers

● Euro stacking containers

Modular inter-stacking containers with vertical sides for maximum internal volume. All models inter-stack to form a compact storage unit.

400x300mm containers stack 2-up (side by side) on 600x400mm models and 600x400mm containers stack 2-up on 800x600mm models.

Euro pallet compatibility; 600x400mm models stack 5 per layer on a 1200x1000mm pallet and 4 per layer on a 1200x800mm pallet.

Ideal for use in fridges and freezers; ventilated models promote air flow, speeding cooling and helping to maintain a constant temperature.

Accessories include lids (separate or attached), label holders, dividers and wheeled dollies.

● Stacking containers

Vertical sides provide maximum internal volume.

21005 (ES210004): 5 litres

Solid Euro stacking
Ext: 300 x 200 x 118mm
Int: 257 x 159 x 108mm
Wt: 0.42 Kg

Schoeller Allibert stack nest trays and containers are tough, long lasting and cost effective. Often referred to as Returnable Transit Packaging (RTP), stack nest containers are ideal for all distribution applications.

Containers securely stack for efficient distribution and nest to save return transport costs.

Unlike disposable packaging all our products can be used again and again, over many years, helping our customers comply with packaging waste regulations, reduce carbon footprint and save money.

180° stack nest

bale arm containers

bread baskets

● 180° stacking & nesting containers

180° stacking & nesting containers stack when loaded and nest when empty by turning through 180° – saving up to 70% when empty.

Bi-colour containers clearly identify stacking and nesting positions to prevent accidentally crushing the contents by stacking in the wrong orientation.

180° Trad models inter-stack with each other and are compatible with 600x400mm dollies, stacking 2-up (side by side) on the Universal dolly DO795904.

● Maxinest bale arm stacking & nesting containers

The market leading produce tray for retail grocery logistics and point of-sale display. Maxinest trays inter-stack with each other for the safe distribution of fruit & vegetables, prepackage meats, fish and ready meals. Containers nest saving up to 76% of their original height, for the return journey through the supply chain.

Dual height Maxinests provide two or three working heights. This enables containers only to be part filled, for example with delicate produce which would be crushed if filled to the maximum loaded height. The alternative stacked height allows efficient distribution and means the same tray can be used for a number of different applications.

Maxinest trays inter-stack with each other and are compatible with 600x400mm dollies, stacking 2-up (side by side) on the Universal dolly DO795904.

Ventilated dual height **Maxinest**® with two working heights Ext: 600 x 400 x 106mm Int: 552 x 352 x 50mm 50% & 60% saving when nested Wt: 1.2 Kg Colour: blue

SN642202: 38 litres

Ventilated stacking & nesting with swing bar Ext: 600 x 400 x 225mm Int: 525 x 347 x 200mm 60% height saving when nested Wt: 1.7 Kg Colour: blue

DH740002: 43 & 28 litres

Ventilated dual height stacking & nesting with swing bar Ext: 691 x 441 x 194mm Int: 635 x 391 x 168mm 43% & 64% height saving when nested Wt: 2 Kg Colour: blue

Compatible with 600x400mm dollies, stacks 2-up (side by side) on Universal dolly ref. DO795904.

Compatible with dolly ref. DO684301.

11020 (SN102001): 18 litres

Ventilated 180° Trad stack nest Ext: 600 x 400 x 117mm Int: 458 x 338 x 102mm 70% height saving when nested Wt: 1.09 Kg, Colour: grey

11032 (SN110305): 32 litres

Solid 180° Trad stack nest Ext: 600 x 400 x 200mm Int: 457 x 338 x 177mm 70% height saving when nested Wt: 1.84 Kg Colour: red/grey or grey/grey

11018 (SN101804): 18 litres

Solid version of SN102001 Wt: 1.18 Kg, Colour: grey/grey

11034 (SN110301): 32 litres

Ventilated version of SN110305 Wt: 1.6 Kg, Colour: grey/grey

61046 (LI104604): Snap-shut lid

Lid for 180° Trad range and NO105104

Stacking & nesting containers

DH641602: 26 & 21 litres
 Ventilated dual height **Maxinest**[®] with two working heights
 Ext: 600 x 400 x 167mm
 Int: 552 x 352 x 110mm
 34% & 76% saving when nested
 Wt: 1.5 Kg
 Colour: blue

SN641907: 35 litres
 Solid **Maxinest**[®] stacking & nesting with swing bar
 Ext: 600 x 400 x 199mm
 Int: 546 x 349 x 172mm
 76% height saving when nested
 Wt: 1.8 Kg, colour: blue

SN642402: 44 litres
 Ventilated **Maxinest**[®] stacking & nesting with swing bar
 Ext: 600 x 400 x 253mm
 Int: 548 x 352 x 226mm
 74% height saving when nested
 Wt: 2.0 Kg, colour: blue

SN642602: 46 litres
 Ventilated **Maxinest**[®] stacking & nesting with swing bar
 Ext: 600 x 400 x 267mm
 Int: 548 x 352 x 240mm
 74% height saving when nested
 Wt: 2.1 Kg, colour: blue

SN641902: 35 litres
 Ventilated version of SN641907
 Wt: 1.7 Kg
 Colour: blue, green or red

DH701807: 54 litres
 Solid stacking & nesting with swing bar
 Ext: 600 x 400 x 302mm
 Int: 570 x 370 x 270mm
 72% height saving when nested
 Wt: 2.4 Kg
 Colour: blue

Compatible with 600x400mm dollies, stacks 2-up (side by side) on the Universal dolly.

DH701802: 54 litres
 Ventilated stacking & nesting with swing bar
 Ext: 600 x 400 x 302mm
 Int: 570 x 370 x 270mm
 72% height saving when nested
 Wt: 2.1 Kg
 Colour: blue

Compatible with 600x400mm dollies, stacks 2-up (side by side) on the Universal dolly.

SN121202: 65 litres
 12 loaf stack nest bread basket with swing bar and open front
 Ext: 762 x 508 x 216mm
 Int: 697 x 463 x 190mm
 50% height saving when nested
 Wt: 1.9 Kg
 Colour: grey

Compatible with dolly DO302001 (made to order item)

SN150201: 68 litres
 15 loaf stack nest bread basket with swing bar and open front
 Ext: 788 x 617 x 190mm
 Int: 723 x 569 x 165mm
 50% height saving when nested
 Wt: 2.4 Kg
 Colour: blue

Compatible with dolly DO322601 (made to order item)

11051 (SN105105): 50 litres
 Solid 180° Trad stack nest
 Ext: 600 x 400 x 300mm
 Int: 460 x 340 x 270mm
 70% height saving when nested
 Wt: 2.3 Kg
 Colour: red/grey or grey/grey

11053 (SN105201): 50 litres
 Ventilated version of SN105105
 Wt: 2.1 Kg
 Colour: grey/grey

11066 (SN106601): 70 litres
 Ventilated 180° Trad stack nest
 Ext: 600 x 400 x 400mm
 Int: 460 x 340 x 370mm
 70% height saving when nested
 Wt: 2.65 Kg, Colour: grey

11065 (SN106505): 70 litres
 Solid version of SN106601
 Wt: 3.06 Kg, Colour: grey/grey

Products for bulk, heavy-duty and hygienic storage and distribution.

Bulk containers meet a wide range of handling requirements, including caps & closures, clothing & textiles, fresh fish, frozen meat, granules, metal components & fixings, plastic mouldings, vegetable harvesting, wiring looms, etc.

Plastic pallets provide the ideal solution for hygiene critical applications. Light weight pallets save fuel costs during distribution. Heavy duty models safely rack loads of up to 1.2 tonnes.

folding bulk containers

rigid bulk containers

pallets

● **Maxipac folding containers**

Ideal for a wide range of handling, distribution and point-of-sale applications. Maxipac folds flat when empty, drop-doors provide easy access, available with wheeled or pallet base.

● **Folding large containers (FLCs)**

Stacks up to five high carrying a unit load of 500Kg - a combined load of 2.5 tonnes. FLCs fold flat when empty, saving valuable space on return transport. Easy and quick to assemble and fold, drop-doors allow easy access - even when stacked. TYTAN is lighter, folds flatter and has a larger volume than any other container in its class.

● **Geobox & Jumbox rigid bulk containers**

Light and strong, Geoboxes stack up to ten high loaded to 450Kg each - a total load of 4.5 tonnes. Heavy duty Jumbox stacks ten high carrying a 650Kg unit load - a combined load of 6.5 tonnes.

● **Universal pallet**

The 800x600mm half size pallet is ideal for applications where space is limited, such as retail distribution and point-of-sale display or JIT deliveries to assembly plants.

● **Packpal pallets**

The light weight distribution pallet, Packpal with 9 feet nests when empty saving return transport costs.

● **Maestro pallets**

The ultimate plastic pallet, Maestro is strong, durable and extremely hygienic. The standard pallet can rack loads of up to 1.2 tonnes (reinforced versions rack up to 1.6 tonnes). Smooth surfaces, free from dirt traps, are easy to clean.

MAXIPAC

BD702692: 357 litres

Maxipac folding bulk container
Ext: 800 x 600 x 1000mm
Int: 756 x 556 x 846mm
68% height saving when folded
Loading: 250 Kg on base unit
Wt: 22 Kg, colour: black

BD702792: 357 litres

Maxipac with wheeled castors
Ext: 800 x 600 x 1080mm
Int.: 756 x 556 x 843mm
61% height saving when folded
Loading: 250 Kg on base unit
Wt: 25.5 Kg, colour: black

27601 (GB760101): 543 litres

Ventilated Geobox with 2 runners
Ext: 1200 x 1000 x 750mm
Int: 1110 x 910 x 545mm
Unit load: 450 Kg x 10 high
Wt: 33 Kg, colour: brown-red
Compatible with lid ref. LIC40204

27602 (GB760904): 543 litres

Solid Geobox with 6 feet
Ext: 1200 x 1000 x 750mm
Int: 1110 x 910 x 545mm
Unit load: 450 Kg x 10 high
Wt: 33 Kg, colour: brown-red
Compatible with lid ref. LIC40204

3F503 (PKF50301): 1200x1000

Packpal pallet with perimeter runners, open deck & load retaining lip.
Dim: 1200 x 1000 x 172mm
Mobile load: 1200 Kg
Static load: 1500 Kg
Racked load: 700 Kg
Wt: 11.9 Kg, colour: brown-red

MAESTRO

3L300 (MAL30004): 1200x800mm

Maestro pallet with 3 runners & solid smooth deck
Dim: 1200 x 800 x 158mm
Mobile load: 1200 Kg
Static load: 5000 Kg
Racked load: 1000 Kg
Wt: 19 Kg, colour: blue

3F303 (PKF30301): 1200x1000

As PKF50301 with 3 runners
Mobile load: 650 Kg,
static load: 1500 Kg,
racked load: n/a,
Wt: 9.3 Kg, colour: brown-red

3M302 (MAL30204): 1200x800mm

As MAL30004 with 7mm lip
