

Linen Exchange Cage

Manufactured to order in the United Kingdom in a wide range of colours to match your company colours or for different areas.

Please note that lead times are normally 6 weeks from order.

Manufactured in the UK the all new Linen Exchange Trolley is the ideal product to use for collecting and delivering linen from hospital wards.

Designed with health and safety in mind the trolley is made from a one piece rotationally moulded body that is easy to keep clean and is snag / rust free.

Various colours are available to allow colour coding for wards or hospitals if required.

Kick plates at each end of the cage allow the user to tilt the cage easier.

Covers can be used to help keep the linen clean and help prevent cross contamination.

Made to a height that allows most users to see clearly over the top aiding visibility when manoeuvring.

A range of castors and optional extras are available to meet customers specifications.

Manufactured to order in the United Kingdom in a wide range of colours to match your company colours or for different areas. Please note that lead times are normally 6 weeks from order.
