

Lightweight Lifters

M200 – MANUAL WINCH LIFTER

E100 & E150 – ELECTRIC MINI LIFTERS

This lightweight and compact lifter is easily manoeuvrable, very versatile and easy to operate. The lifter is designed to remove back strain from all types of lifting work. It can be used to lift items from the floor to 1.5m or 1.7m with a winch or a battery powered power pack. The lifter is a perfect solution for narrow aisles and confined spaces thanks to its overall size.

E100	E150
<p>Lift/lowering system with electrical motor, chain drive, electronic regulation of lift/lowering incl. soft start/stop, electric overload protection, portable and adjustable hand control unit, maintenance-free/sealed battery, automatic battery charger, hand control cable and charger cable (L=2 m). Long handles for easy moving. 4 castor wheels.</p>	

M200
<p>Operated by a manual hand winch and a steel wire, that gives an accurate and fast lift/lowering function. The automatic brake system ensures a safe lowering. Long handles for easy moving. 4 castor wheels.</p>
