MUNRO DETAILS AND PLANNING DIMENSIONS

STORAGE BOXES

High quality, custom sized boxes can be provided to fit within Munro cabinets

In a variety of designs, boxes are made from either White Box Board material or Museum Spec. Board (specification available on request).

Please contact us for possible sizes, details and pricing.

HUMIDY CONTROL CASSETTES

Humidity control cassettes can be stored discreetly in the bases of Munro cabinets.

Beads with cassettes absorb or desorb water vapour as required to stabilize humidity.

Cassettes are pre-conditioned at 5% interval between 40% and 60% Relative Humidity.
