

Maxi Envirobin

“The Maxi is equally at home indoors or out”

Available from Merlin Industrial Products Ltd - Call +44 (0)1752 690622 - Email sales@mipl.uk or Fax +44 (0)1752 313333

Maxi Envirobin

140 litre system

Designed for use internally or externally, either for recycling or waste collection, the Maxi Envirobin is highly versatile and has the style to suit contemporary environments. The Maxi can be used individually as required or with a number linked together to form a complete 'recycling' centre.

- Double skin moulding and ribbed structure for exceptional strength

- Choice of WRAP compliant colour coded apertures and graphics

- Sack retention hoop system

- Available with or without lock

- User friendly 'lift-to-open' door and slam-shut closing for speed

“The design of the apertures helps reduce waste contamination”

Recycle

ENVIROBANK

140 & 240 litre

The Envirobank provides a volume recycling solution in high footfall areas both internally and externally. In external environments the 'patented, 'honeycomb' structure provides exceptional strength and durability whilst the, dimpled, surface finish resists 'fly posters'.

- Choice of 140 litre or 240 litre or 2 x 90 litres split capacity

- Panel for personalisation on door front

- Choice of WRAP compliant colour coded apertures and graphics

- Front opening design allows emptying without lifting

- Tamper proof, 4 point, lock.

Features	Envirobank 140	Envirobank Split	Envirobank 240
Wheelie Bin	140 litres	2 x 90 litres	240 litres
Sack Holding	Optional	N/A	Optional

TwinBin

“The TwinBin maintains an uncluttered environment”

Recycle

TWINBIN

2 x 85 litre

The TwinBin's award winning design, provides a solution to a growing need in public areas to, not only, collect waste but also separate recyclable items like plastic bottles and newspapers. It does this in a single compact and robust unit in a design that sits well in both traditional and contemporary environments.

Contains two 85 litre capacity bins which are securely locked inside

Narrow footprint to minimize obstruction

Choice of WRAP compliant colour coded apertures and graphics

Front opening design allows emptying without lifting

Panel for personalisation on both doors
