Stormor Shelving

Stormor shelving is a fully adjustable, clipped, medium duty shelving system which offers the right solution - whatever the working environment.

Stormor shelving benefits from having accessories which are fully interchangeable - whatever the frame style. So if you choose a variety of different frame styles the accessories will fit across all bays giving you total versatility if your storage requirements change.

Choose from three frame styles - [Click here for the full catalogue.](#)

Cost effective fully adjustable shelving system. Stormor Mono uprights are open with horizontally braced frame and feature a smooth front edge with no sharp edges, so eliminating snagging when loading shelves.

Ideal for

- Archives
- Storerooms
- General Storage

See Page **45**

Stormor Solo

Solo shelving has single skin uprights. This offers a cost effective solution to everyday storage as well as being a quick and easy system to assemble.

Ideal for

- Archives
- Stockrooms
- Parts Storage

See Page **46**

Duo shelving with its double skin uprights allows the full shelf width to be used, with clear unimpeded access for easy insertion and removal of files.

Ideal for

- Office storage
- On-shelf filing
- Libraries

See Page **47**
